Dr. Lim is a general and colorectal surgeon, who has been practicing at Gleneagles Medical Centre Singapore since 2011. Dr. Lim graduated from National University of Singapore in 1995 with Bachelors of Medicine and Surgery. He served as consultant colorectal surgeon at Singapore General Hospital from 2005-2011. While at SGH, Dr. Lim started the Pelvic Floor Disorder Service, which was the world's first multi-disciplinary service combining specialists in colorectal surgery, urology and urogynaecology, supported by nurse specialists, physiotherapists and functional radiologist. Dr. Lim served as President of the Society of Colorectal Surgeons Singapore from 2017-2019. Currently, Dr. Lim serves as President of the Society for Continence Singapore, which is a public charity organisation. Dr. Lim's interests are in anal fistula, functional pelvic floor disorders, anal ultrasound and endoscopy. In the past 5 years, Dr. Lim has served in several workgroups of the Academy of Medicine Singapore to advise the Ministry of Health, Singapore on gastrointestinal endoscopy indications, safety, audit and reimbursement.
